

# Communications in Economics and Mathematical Sciences

## Journal of the Japanese Society for Mathematical Economics

Promote collaboration between mathematical scientists seeking new research ideas from economic theory and economists seeking new mathematical tools, and to provide them with an outlet for studies in economics and other mathematical sciences.

URL: <https://www.jstage.jst.go.jp/browse/cems/-char/en>

### Highlights

- All papers can be downloaded for free from J-STAGE, an online platform for academic journals managed by the Japan Science and Technology Agency
- One issue per year, published on March
- Advance online publication
- Careful but speedy refereeing process
- No submission fee or membership required

### Editor-in-Chief

Takashi Hayashi (University of Glasgow)

### Co-Editors:

Yukihiko Funaki (Waseda University), Chiaki Hara (Kyoto University), Kazuya Kamiya (University of Tokyo),  
Masaaki Katsuragi (University of Osaka), Isao Mutoh (National Defense Academy), Mitsunori Noguchi (Meijo University),  
Norio Takeoka (Hitotsubashi University)

Instruction for Authors is available at <http://ethic.econ.osaka-u.ac.jp>. Inquiries should be sent to [jsme-journal@math.econ.osaka-u.ac.jp](mailto:jsme-journal@math.econ.osaka-u.ac.jp)
